Product Description

Bad Boy ZT Elite 48" Kohler 7000 Zero-Turn Mower BZS48KT745

The ZT Elite has long been our biggest seller, and it's no wonder why. This mower is built as tough as they come with our patented front suspension and superior comfort. You'll get a quality cut at an even better price.

Formed from tough 7-gauge steel with reinforced edges, the unique baffling system maximizes airflow for greater grass lift and a cleaner cut. You can easily adjust the deck height to get your lawn looking exactly how you want.

The ZT Elite now has 6 powerful engines to choose from - including limited-edition options from Kohler and Briggs. These reliable engines perform year after year, season after season.
