### Product Description

# Sno-Way RVB2000 Salt Spreader 2 Cubic Yards

#### Ultimate Control, Consistent Spreading, and Built to Last

Equip your fleet (UTV to Class 5) with the Sno-Way RVB2000 spreader, engineered for commercial durability with a robust frame and superior material flow control thanks to the inverted Vee system. Maximize efficiency and achieve a consistent spread pattern up to 30 feet using the advanced RS Controller for customized operation, even with challenging materials.
