Product Description

SnowEx Heavy-Duty UTV Straight Blade Plow

Don't let tight spaces kill your hustle. The SnowEx® Heavy-Duty Straight Blade snowplow turns your utility vehicle or subcompact tractor into a professional-grade plowing machine. It's engineered with a lightweight, heavy-duty design that lets you dominate snow-covered sidewalks and walkways with speed and efficiency. Full hydraulic lift and angle functionality allows your operators to maximize their efficiency when handling sidewalks, driveways, and walking paths.

- Blade Width: 6'0"
- Fits: Full-Sized UTVs & Sub-Compact Tractors
- Moldboard: High-Strength or Powder-Coated Steel
