Product Description

SnowEx Heavy-Duty UTV V Plow - 77765

Turn your UTV or subcompact tractor into a snow-removal powerhouse with the SnowEx® Heavy-Duty V-Plow. With a touch of a button, this plow quickly configures from a straight blade to scoop mode to v-plow mode, giving you the versatility you need to dominate any job. At 6-feet wide, it's designed to handle sidewalks, walking paths, driveways, and other tight spaces with ease. This is how you take charge and build your business, one sidewalk at a time.

- Blade Width: 6' 0"
 - Fits: Full Sized UTVs & Sub-Compact Tractors
 - Moldboard: High-Strength or Powder-Coated Steel
-
