Product Description

SnowEx Power Pusher Pro Trace Edge Plow

When you're ready to master the job, the SnowEx® POWER PUSHER™ PRO hydraulic wing pusher plows are the ultimate for total control. They are engineered for experienced contractors who demand more from their equipment. With exclusive 3-foot hydraulic, independently controlled wings that can be placed anywhere on their 180-degree travel arc, you can position your plow to move and stack more snow with every pass. This is how you take your skills to the next level, taking control of the most intimidating jobsites.

- Blade Width: 8', 10', 12', 14' & 16'
 - Fits: Skid-Steers, Tractors & Wheel Loaders
 - Moldboard: Powder-Coated Steel
-
